

Cabernet Sauvignon

Marjan Simcic

Josef Simcic started to make wine here in 1860. Five generations later, Marjan Simcic carries on the tradition. His 18 hectares of vineyards straddle the border between Italy and Slovenia. His wines are the result of the hills' many microclimates and calcareous soil, known as Opoka, rich with nurturing minerals.

Cabernet Sauvignon

Aging

2/3 of the wine is stainless aged, 1/3 is aged in used French oak

Description

Ripe, healthy grapes produce a red wine of extraordinary character. The classic ruby color, with its hint of violet, reveals a compelling nose of fresh blackcurrants, plums and other dark forest fruits. There is also a gentle herbal note. On the palate there is a wealth of different forest fruits, with raspberries and black cherries in the foreground. The tannins are very soft. It is a fresh, but very pleasant, soft, drinkable wine, with a lovely finish
