

Ribolla Selecija

Marjan Simcic

Josef Simcic started to make wine here in 1860. Five generations later, Marjan Simcic carries on the tradition. His 18 hectares of vineyards straddle the border between Italy and Slovenia. His wines are the result of the hills' many microclimates and calcareous soil, known as Opoka, rich with nurturing minerals.

Aging

few days on the skin, about 2 years on the lees and in mixed oak casks

Description

Yellow, straw-coloured, with a shade of gold. A complex bouquet, with a fragrant hint of ripe citrus, dried fruit, cedar, buttered toast. Its softness and warmth are pleasantly combined with the chewy structure of a red wine. Long-lasting aftertaste. Mineral and very drinkable wine
