

Nymphis Sacrae

Masseria Frattasi

Eco-sustainability has always been a driving factor for the Cecere and Clemente families who have produced wines here since 1576. From the magnificent natural scenery to the volcanic soil of Bonea on the towering Taburno mountain, Masseria Frattasi produces its wines with an intense attention to the territory and the environment.

Description

Light, savory and persuasive wine with straw yellow color and greenish reflections. Nymphis Sacrae shows fresh acidity, mineral taste of flint, clear notes and persistent plum jam
