

Rosso di Montepulciano

Tiberini

Tiberini, an artisanal winery in Montepulciano that has been producing Nobile for six generations in Podere Caggiole, in the northwest side of the town in a very unique soil made of stones, sand and clay. The family is proudly growing only native grape varieties, such as Prugnolo Gentile, Canaiolo, Mammolo, Colorino, Malvasia, Trebbiano and Pulcincolo, organically since 1985.

Description

This intense and fragrant wine is young, but with a superb structure. On the palate it is abundant with small red fruits, with a light touch of Coscia di Monaca, the typical plum of Montepulciano.
