

Vermut di Torino

La Canellese

In 1947, brothers Alfredo, Edoardo and Mario decided to transform their father's cooerage into a vermouth firm and to devote themselves to the passion transmitted by their mother.

They acquired their commercial license and swiftly became the vibrant company we know today, continued to be run by family descendants Alfredo, Bruna and Lucia.

Vermut di Torino

Aging

Description

A traditional method Vermut with a contemporary twist, made from Italian white wine enriched with an infusion of thirty botanical and plants from all over the world. Profoundly nuanced, with hints of licorice, orange, pimento and nutmeg.
