Cantine di Terravecchia

The Cantine di Terravecchia estate was born from the 35 hectares of Alberto Longo's farm, located near the old town of Pietramontecorvino, a small hamlet on the Subappennine Dauno mountains in the north of Puglia. Here, 450 meters above sea level, Alberto Longo matches the love for his land with his passion for winemaking, providing wines of excellence that seek to enhance the value of his native territory.
